

Public procurements

Public procurements planned by the Centre of Registers and Information Systems (RIK) for 2022 at the presumed cost of EUR 60,000 (without VAT) or more:

Central procurements — public procurements that RIK shall organize pursuant to the order of the Government of the Republic in the name of ministries, jurisdiction of a ministry, and the Government Office.

Joint procurements — public procurements, where the buyers include other contracting authorities besides RIK.

More information about joint procurements at website <https://kesksedhanked.rik.ee/> [1]

In 2022, RIK shall organize both central and joint procurements.

Information regarding public procurements organized by our authority earlier or to be organized is available in the [E-procurement environment](#) [2].
